Help us help the helpless children's

OSJS is an organization founded in the year 2007 with the objective of working for the overall development of the deprived and disadvantaged communities irrespective of casts, creed and religion so that they may contribute positively and become part of development process. At OSJS we work for child labour, child beggars, orphans, handicraft and poor helpless children who did not go to school or left their education due to economical problem and positive atmosphere. Our aim is to develop sustainable self-reliant community through their active participation in all our development efforts.

We provide free education at our various centers, [Aasara Educational Canter](#) being one of them. Presently more than hundred girls and boys are being taught at this center. Another such center is in Lonapur. The number of such centers and children in them is growing up.

Besides education OSJS is involved in organizing free health programmes in rural areas where we organize free health camps for poor helpless people. We also provide free medicine to these poor people. Besides this we also make people aware about various diseases.

OSJS also organizes Environmental and Public awareness programs frequently for the benefit of those who need it the most.

It takes Rs. 15,000/- per month for us to provide good education for **Ten Children's** including text books, food, school supplies, health check-up, clothes, entertainment activities, scholarships, prizes etc. to poverty ridden children who have not seen the face of a school in their entire life. We invite all individuals who feel strongly for our cause to come forward and extend their support by donating in cash or kind or by sponsoring one child of OSJS.
